Lab # 3 – Small Group Formation

- **Overview**
  - You will meet as a team during this week's lab and accomplish several objectives as a team
  - Your team will turn in ONE lab result deliverable at the end of lab time → NO LATE submissions
  - All participating members of the team will get one grade

- **Objectives**
  - Introductions: Get acquainted with all members of your team
  - Determine the best outside-class weekly meeting times
  - Brainstorm ideas for your application software development project
  - Complete the Group Exercise and turn in results

Lab # 3 – Small Group Formation

- **Process**
  - One or two people per team MUST volunteer to be a SCRIBE for the team for today's lab. The scribe should have paper and pen/pencil or a laptop to take notes
  - Teams form and stand together in a small circle in part of the lab classroom, OR outside the lab classroom in CSEL.
  - Follow the detailed instructions for each of the assigned tasks
  - Show your results to the TA prior to leaving
  - Post your results in a PDF to the assignment link in Moodle
